

Pre-placement Progressive Training Process

The institute has a well-structured progressive training process.

Placement training plays a key role in a student's career. In order to stand out in the present competitive world, students require excellent functional skills, Leadership & Managerial skills and an exceptional outlook. In today's vibrant job market, organizations seek talented graduates who have both technical and interpersonal skills.

Participating in the progressive placement training commencing from 1st semester till 7th semester will enable the students to know where they stand and where they need to improve and be equipped with much needed aptitude and soft skills. The below three tables give a glimpse of the training model followed at GAT for 4 years Engineering program, two years MTech program and two years MBA program respectively.
